

## **2020 Summer Dance Classes**

Please take note of the following health and safety measures for the summer classes:

### **Health and Safety Measures in the Studio**

You must be healthy and well to attend class, please make sure your child does not have a fever, cough or cold. Notify me if anyone gets sick.

All teachers and dance students are required to wear a mask inside and outside the dance studio

Students are recommended to sanitize hands before and after class. Hand sanitizers will be available in the studio's entrance.

After each class, the space will be sanitized before the next group comes in for the class

Social distancing will be practiced inside the studio (6 feet), no more than 4 students in a class

Only students will be allowed inside the studio, adults will have to wait outside

A fun and safe environment for your children will be my priority as we dance through the summer months.

Looking forward to seeing you and your children soon.

Thank you,

Karen
